THIS IS UNEVALUATED INFORMATION

1. Infantry regiment No. 3642 is stationed in the barracks near the PKS railroad station in Mragowo, Olsztyn province. Exact location of the barracks and street names in the area are not known.
2. The troops wear green uniforms and green hats with red hatbands. They are armed with light machine guns with round cartridge containers, Degtyarev type, Maxim OB HMGs on carriages, PPS's, Russian KB's with bayonets, long AT carbines, AT guns, and grenade throwers (sic).<sup>1</sup> A small unspecified number of trucks were in the motorpool.

Comment. FPS's are Russian 7.62 mm sub-machine guns; KB's are carbines. By "long AT carbines" [ ] may mean bazookas; and grenade throwers are presumably mortars.
